Pharmacy Management Program Plan 055

UnitedHealthcare's pharmacy management program provides clinical pharmacy services that promote choice, accessibility and value. The program offers a broad network of pharmacies (more than 56,000 nationwide) to provide convenient access to medications.

While most pharmacies participate in our network, you should check first. Call your pharmacist or visit our online pharmacy service at www.myuhc.com. The online service offers you home delivery of prescriptions, ability to view personal benefit coverage, access health and well being information, and even location of network retail neighborhood pharmacies by zip code.

Under this pharmacy coverage plan, a deductible and out-of-pocket maximum apply. Please refer to the medical plan documents for the annual deductible & out-of-pocket maximum amounts. The deductible and the out-of-pocket maximum include both medical and pharmacy expenses. This means that you will pay the full amount we have contracted with the pharmacy to charge for your prescriptions (not just your copayment), until you have satisfied the deductible. Once the deductible is satisfied, your prescriptions will be subject to the copayments listed below. If you reach the out-of-pocket maximum, you will not be required to pay a copayment.

Copayment per Prescription Order or Refill

Your Copayment is determined by the tier to which the Prescription Drug List Management Committee has assigned the Prescription Drug Product. All Prescription Drug Products on the Prescription Drug List are assigned to Tier 1, Tier 2 or Tier 3. Please access www.myuhc.com through the Internet, or call the Customer Service number on your ID card to determine tier status.

For a single Copayment, you may receive a Prescription Drug Product up to the stated supply limit. Some products are subject to additional supply limits. You are responsible for paying the lower of the applicable Copayment or the retail Network Pharmacy's Usual and Customary Charge, or the lower of the applicable Copayment or the Home Delivery Pharmacy's Prescription Drug Cost.

Also note that some Prescription Drug Products require that you notify us in advance to determine whether the Prescription Drug Product meets the definition of a Covered Health Service and is not Experimental, Investigational or Unproven.

	Retail Network Pharmacy For up to a 31 day supply	Home Delivery Network Pharmacy For up to a 90 day supply	Retail Non-Network Pharmacy For up to a 31 day supply
Tier 1	\$10	\$25	\$10
Tier 2	\$30	\$75	\$30
Tier 3	\$50	\$125	\$50

Other Important Cost Sharing Information

NOTE: If you purchase a Prescription Drug Product from a Non-Network Pharmacy, you are responsible for any difference between what the Non-Network Pharmacy charges and the amount we would have paid for the same Prescription Drug Product dispensed by a Network Pharmacy.

Exclusions

Exclusions from coverage listed in the Certificate apply also to this Rider. In addition, the following exclusions apply:

Coverage for Prescription Drug Products for the amount dispensed (days supply or quantity limit) which exceeds the supply limit.

Prescription Drug Products dispensed outside the United States, except as required for Emergency treatment.

Drugs which are prescribed, dispensed or intended for use while you are an inpatient in a Hospital, Skilled Nursing Facility, or Alternate Facility.

Experimental, Investigational or Unproven Services and medications; medications used for experimental indications and/or dosage regimens determined by us to be experimental, investigational or unproven. Note: This exclusion does not apply to a medication that has been prescribed for the treatment of a specific type of cancer for which the medication has not yet been approved by the Food and Drug Administration. The medication must be recognized for the treatment of a specific type of cancer in a standard reference compendia or in substantially accepted peer-reviewed medical literature.

Prescription Drug Products furnished by the local, state or federal government. Any Prescription Drug Product to the extent payment or benefits are provided or available from the local, state or federal government (for example, Medicare) whether or not payment or benefits are received, except as otherwise provided by law.

Prescription Drug Products for any condition, Injury, Sickness or mental illness arising out of, or in the course of, employment for which benefits are available under any workers' compensation law or other similar laws, whether or not a claim for such benefits is made or payment or benefits are received.

Any product dispensed for the purpose of appetite suppression and other weight loss products.

A specialty medication Prescription Drug Product (such as immunizations and allergy serum) which, due to its characteristics as determined by us, must typically be administered or supervised by a qualified provider or licensed/certified health professional in an

outpatient setting. This exclusion does not apply to Depo Provera and other injectable drugs used for contraception.

Durable Medical Equipment. Prescribed and non-prescribed outpatient supplies, other than the diabetic supplies and inhaler spacers specifically stated as covered.

General vitamins, except the following which require a Prescription Order or Refill: prenatal vitamins, vitamins with fluoride, and single entity vitamins.

Unit dose packaging of Prescription Drug Products.

Medications used for cosmetic purposes.

Prescription Drug Products, including New Prescription Drug Products or new dosage forms, that are determined to not be a Covered Health Service.

Prescription Drug Products as a replacement for a previously dispensed Prescription Drug Product that was lost, stolen, broken or destroyed.

Prescription Drug Products when prescribed to treat infertility.

Drugs available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed. Any Prescription Drug Product that is therapeutically equivalent to an over-the-counter drug. Prescription Drug Products that are comprised of components that are available in over-the-counter form or equivalent.

Prescription Drug Products for smoking cessation.

Compounded drugs that do not contain at least one ingredient that requires a Prescription Order or Refill. Compounded drugs that contain at least one ingredient that requires a Prescription Order or Refill are assigned to Tier 3.

New Prescription Drug Products and/or new dosage forms until the date they are reviewed by our Prescription Drug List Management Committee.

Growth hormone therapy for children with familial short stature (short stature based upon heredity and not caused by a diagnosed medical condition).
